ABOUT US

Multinox Inc is one of the leading distributors, traders & exporters of Bright Bars, Pipes & Tubes, Components & Fasteners with more than four decades of experience in the steel industry. The family owned business of Multinox Group has grown from traders of Metal products to four state-of-art storage units with modern infrastructure and serving clients globally. Multinox INC and its sister concerns have earned many export excellence awards, performance certificates and government of India recognized Export House Status.

Multinox INC specializes in Stainless Steel Precision Components. We use high-quality raw material from our own plant of Bright bars and wires. With latest modern infrastructure and technologies in place, Multinox is capable of providing high-quality mission-critical precise components quickly and at best competitive pricing.

“With more than 40 years of experience, Multinox Inc was established as star export house for ferrous & non-ferrous metals.”

QUALITY

Since its foundation, Multinox INC has paid huge attention to the quality of its products and services. We look beyond today to envision the steel of tomorrow. Because quality outcomes depend on quality people, we seek to attract and nurture the best people to deliver superior solutions to our customers.

We are committed to creating value for all our customers by continually standardizing, improving and innovating our offerings, systems, and processes by involving latest technologies and our highly efficient employees. Multinox INC constantly strives to improve the quality of products and services through excellence in all facets of its activities and processes. We accept Zero Defect as a quality absolute and shall design and operate our quality system accordingly.
